

1. Do you believe the Federal Reserve will begin a resumption of quantitative easing (asset purchases) that would increase the size of its portfolio?

2. When do you think the Federal Reserve will begin quantitative easing?

3. The current target for the Fed's portfolio is \$2.054 trillion (2054 billion dollars). Please respond to the next three questions with a whole number in billions of dollars. Please do not include a dollar sign, any commas, or a decimal place. For example, \$2.5 trillion would be entered as 2500 in the response box. What do you expect the size of the Fed's portfolio to be on Feb. 1, 2011?

	Response Average	Response Total	Response Count
In billions of dollars:	2,346.38	154,861	66
	<i>answered question</i>		66
